

# 2016 IMPACT REPORT

**FAIR CHANCE** strengthens the sustainability and performance of community-based nonprofits to achieve life-changing results for children and youth in poverty. We do this through delivering comprehensive management assistance to each organization we work with – tailored to their needs and at no cost.

## PROGRAM IMPACT

### CORE PARTNERSHIP

The Core Partnership is a 12-month program focused on increasing organizational effectiveness across 8 competency areas so nonprofits will be more sustainable and be able to serve more children and youth. Eight nonprofits completed the core partnership in 2016. The pre-and post-assessment comparison of the 2016 graduating class showed an increased capacity to implement best practices in all eight competency areas.

**2016 Graduates reported an increase of 25% or greater in:**

Financial Management

**40%**

Board Development

**36%**

Strategic Planning

**59%**

Program Evaluation

**57%**

Leadership Development

**56%**

### PATHWAYS PROGRAM

The Pathways Program is a six-month engagement focused on implementing four key organizational management practices leading to increased stability and readiness for additional capacity-building. In 2016, DC Promise Neighborhood Initiative (DCPNI) contracted with Fair Chance to provide a Pathways engagement with two organizations in the Kenilworth-Parkside community

**Both organizations reported a total average increase of 48% across all 4 competency areas.**

### IMPACT ACADEMY

In 2016, Fair Chance began piloting Impact Academy – a two-year program designed to put nonprofits on a pathway to high performance through data collection on life-changing outcomes for children living in poverty.

#### Projected Life-Changing Outcomes

##### Generation Hope

Generation Hope Scholars will achieve at least a 2.5 GPA or higher, have caring mentoring relationships, and graduate from college.

##### Homeless Children's Playtime Project

Children will demonstrate emotional self-regulation and an improvement on age-appropriate social emotional learning skills.

##### Project Create

Children will demonstrate confidence, a sense of self, an informed cultural identity, a positive outlook on the future; and meaning relationships.
